GERMAN GRIP ON FRANCE AND BELGIUM IS BROKEN.

Allied Victories Shaking Despots' Hold on the Teutonic Peoples.

HUNS FACE HUGE TRAP. AMERICANS TAKE GUNS. ALLIES AT HEELS, HUNS FLEE ON WIDE FRONT. FUCH'S ARMIES SHATTER. KAISER'S DREAM EMPIRE.

Foch Pockets Foe Near Rheims. First Army Rolls Enemy Back. St. Quentin and Many Other Towns and Villages Carried by the Storming French and British Armies—Official Reports Show that Huge Disaster to the Enemy is Imminent.

French Armies Driving Ahead on Both Sides of the German Line.

Conquest of St. Thierry Massif Completed; St. Quentin in Flames.

(BY ATLANTIC CABLE AND A. P.)

WITH THE FRENCH ARMY IN FRANCE, Oct. 2, 3 p.m.—Gen. Bechtold's forces in the course of the night and this morning completed their conquest of St. Thierry, a strategic point in the defense of the German line, and taking the fort of St. Thierry.

The French now dominate the plain to the east and threaten the German positions all along the Aisne-Marne canal from Betheny to the north and including the fort of Reims, where were posted the guns that accomplished the greater part of the destruction of Rheims.

The French lines were pushed slightly northward towards Betheny. The conquest of the important positions around St. Thierry and the advance of Gen. Gouraud's men in the region of St. Marie-a-Py, in the Champagne, increases the gravity of the situation for the German forces holding the heights to the east of Rheims.

(Continued on Second Page.)

Pershing's Onslaught Crushes German Resistance in Argonne Wood.

Teutons Struggling to Escape Pocket Formed by Advances.

(BY ATLANTIC CABLE AND A. P.)

WASHINGTON, Oct. 2.—(Reuters.) Gen. Pershing's conquest today says that a partial count of the material captured during the last week by the American troops advancing between the Meuse and Argonne rivers shows 150 guns of all calibers, 750 trench mortars, 300 machine guns, 100 heavy tank guns, thousands of artillery shells and hundreds of thousands of rounds of small arm ammunition.

WITH THE AMERICAN ARMY, Oct. 2 noon.—The first American army is exerting renewed pressure against the German lines in the Aisne-Marne sector today and is making progress pushing toward the westward in the Argonne. Reports guard that the Boche resistance is weakening in the Argonne Forest and the Aisne Valley. Further east along the Meuse the German resistance remains firm. This is easy to explain. The troops on the right have pushed up the Meuse Valley to Reims, which is only a mile from where the Kriemhilde trench line crosses the river. Over to the westward in the Aisne Valley we are about five kilometers from the line and the Argonne is perhaps eight kilometers from where Gen. Pershing's troops are now just north of Grand Pré.

What the Boche evidently is doing is to hold down by our unrelenting pressure since today is to get back to the Kriemhilde and to hold it. By this plan he must stand firm on the right while yielding on the left.

(Continued on Fourth Page.)

PARIS, Oct. 2.—(Havas.) The Matin announces that the Germans are evacuating Lille and that the commander there has requisitioned all means of transportation, even wheelbarrows and baskets to take away the booty. The newspaper adds that the evacuation of the townspeople to Belgian towns near the German border is being pursued hastily.

A dispatch from the Dutch border asserts that the German Governor-General in Belgium has given secret instructions to the governors of the provinces to send hastily all German archives to Brussels.

(BY ATLANTIC CABLE AND A. P.)

Allied aviators have flown over Brussels dropping thousands of pamphlets telling the public to have a little more patience—that their hour of liberation is near.

FRENCH HEADQUARTERS IN FRANCE, Oct. 2.—(Reuters.) The whole of St. Quentin is now in the hands of the French.

PARIS, Oct. 2.—Many towns and villages were carried today by the French troops on the various fronts, according to the War Office announcement tonight. Especial progress was made north of the Vesle.

LONDON, Oct. 2.—The Germans are in retreat over a wide front north and south of La Bassee Canal, with the British close following them, according to Field Marshal Haig's report from headquarters tonight.

The Germans have lost further ground to the British in the outskirts of Cambrai and northwest of that city, but northeast of St. Quentin the British, under a violent counter attack, have been forced from the village of Sequehart, according to Field Marshal Haig's communication issued tonight.

The British have gained a little ground north of Cambrai. The enemy is fighting stubbornly on a front of five miles with eleven divisions.

The only sector where substantial progress has been made is between the Vesle and the Aisne, where the enemy has fallen back to the line of the Aisne-Marne Canal, north of Rheims.

WASHINGTON, Oct. 2.—The German grip on Northern France and Belgium has been definitely broken. Even the most cautious military observers in Washington agreed tonight that the Hindenburg line was disintegrating and army officers centered their whole attention on the efforts of the German leaders to extricate their armies without a crash disaster.

Outflanked in Belgium and in the Champagne, the great German mass of defensive works known as the Hindenburg line already was becoming untenable when Field Marshal Haig's map smashed through it today just north of St. Quentin. The immediate investment of the city by French troops and the swift widening of the breach northward, coupled with the continued rapid progress of French, Belgian and British forces in Belgium, it is thought here, may possibly upset the whole German scheme of retreat, which already had begun on the Rheims front.

British penetration of the line, it was said, may furnish Marshal Foch with a means to embarrass the German retreat, always with the possibility of precipitating a veritable rout.

SITUATION OF GERMANS IS GRAVE.
Ringed by a wall of victorious enemies over the whole front from the North Sea to Verdun, the situation of the Germans is undoubtedly grave. The drive in Belgium is menacing vital communications on one side, while American and French troops in the Champagne are surging forward toward equally vital supply lines on the other. The battle line is assuming the shape of a vast trap, thrusting its jaw out to engulf the German armies.

The German leaders have seen their danger. Official reports to the State Department today indicated that evacuation of the submarine bases on the Belgian coast was imminent. There also is conclusive evidence that the evacuation of the line before Rheims is well under way. The question uppermost in the minds of army officers here is whether the German high command has acted in time.

Announcement from Paris that 2000 prisoners were taken by the French yesterday in operations between the Vesle and the Aisne rivers is significant of the difficulty of getting troops safely out of an abandoned fighting line. There has been no hint of a French attack on a large scale on this front and the Berlin statements have characterized the movement as a withdrawal. Only a narrow front was involved, yet 2000 men left as big guards, were captured.

HUN'S BIG TASK.
To withdraw the whole 250-mile front where the Allies and American forces are charging forward day after day will be a stupendous task. With constantly increasing superiority of numbers and gun power resting with Marshal Foch, observers here believe the retreat will be difficult.

LA FAYE FALL NEAR.
To the south, another critical situation is developing. It seems certain to officers here that the German leaders planned to withdraw slowly from the

(Continued on Second Page.)

HUNS PREPARE TO QUIT BELGIUM.

Allied Drive in Flanders Continues Despite the Weather, and Further Advance of Ten Miles will Imperil the Enemy's Entire Coast Lines.

(BY ATLANTIC CABLE AND A. P.)
WASHINGTON, Oct. 2.—Further evidence of German preparations for evacuating the Belgian sea coast reached the State Department today in dispatches saying hospitals, postoffices and the contents of storage houses of the German Fourth Army district were being moved back and turned over to the military government in the interior.

German civilian authorities are being generally recalled and strict regulations affecting the maritime district are being enforced. Reserves in Belgium which are to be sent to the front by the Antwerp navy staff are said to be preparing to leave Belgium.

BRITISH HEADQUARTERS IN FLANDERS, Oct. 2.—(Reuters.) The British Second Army, co-operating with the Belgians in the Flanders campaign, continued today press forward. In the process of encircling Arras, it took the hamlet of Armentiers in the north. The Belgians continued to work forward through a sea of mud and have taken Hoogledele and Handseme, northeast of Roulers. They are also closing in on Roulers. The Germans are making a determined effort in Flanders everywhere else to stop the onrush. They realize that if the Allies push even five miles farther eastward on the unentenable, while an advance of ten miles would jeopardize the entire coast line.

LONDON, Oct. 2.—An early Belgian official statement reads: "On October 1 the operations in Flanders developed favorably despite the resistance of the enemy. The energetic Belgian and French troops made new progress in the direction of Hoogledele and Roulers. South of Roulers the British troops captured Ledeghem on the Roulers-Menin railway. British detachments crossed the Lys between Werwieu and Comines.

WITH THE BRITISH ARMY IN FLANDERS, Oct. 2.—Field Marshal Haig's forces today captured Rollegem-Capelle and advanced for a distance of 3000 yards southeast of Roulers.

The Belgian and British forces now are astride the Roulers-Menin road along a considerable stretch of coast line.

PARIS, Oct. 2.—(Reuters, via Montreal.) The Allied enveloping movement against Tournai, Roubaix and Lille in Flanders is becoming accentuated, according to a semi-official announcement here today.

PARIS, Oct. 1.—(Havas.) The towns of Menin and Roulers, railway junctions in Flanders, have been set on fire by Germans in face of the advancing Belgians, British and French troops. French guns now control the railway line running from Ostend, through Thourout and Roulers to Courtrai.

British monitors are co-operating actively in bombarding the German line on and near the coast.

OSTEND NEAR FALL.
In Belgian Flanders the wedge of the Belgian, British and French troops has penetrated still further eastward and south-eastward from Dixmude, and only a few miles more will be required by the Allied troops to give them positions by which Ostend, one of Germany's sea bases, will be made untenable.

And, indeed, the entire North Sea coast now in German hands put in jeopardy. British ships are now violently bombarding the coast, and the Germans are reported to be moving their heavy guns eastward, fearful of their capture.

Many additional towns have been captured by the Allies in this region and numerous prisoners have been taken. The important railroad junction point of Roulers is but in the hands of the Allies, while northward from Roulers the British have cut the Roulers-Menin railway at two places and are in the process of investing Menin.

The French are now in full possession of St. Quentin and have passed on eastward. The entire Hindenburg system between St. Quentin and Le Cateau has been completely smashed by Field Marshal Haig's forces, with whom the Americans are brigaded, and further ground has been won in the outskirts of Cambrai and north of that city. At one point north of St. Quentin the British were forced to give up a village under a heavy counter-attack by fresh German troops.

AMERICANS AT BAY.
A band of Americans who had outdistanced their fellow-in-armies were surrounded on one sector by the Germans, but were released after two days, during which they killed many of the enemy who sought to capture them.

SURROUNDED YANKS SAVED

Americans at Bay Strew Ground with German Dead Before Rescue.

(BY ATLANTIC CABLE AND A. P.)
BRITISH HEADQUARTERS IN FRANCE, Oct. 2.—(Reuters.) The contingent of Americans who had been holding out since Sunday in a far-advanced position between Cambrai and St. Quentin against greatly superior numbers has been rescued.

In our attacks around Vendhuile yesterday we were able to fight through and relieve this party, numbering some hundreds, who, having taken up their position Sunday night, were surrounded by the Germans early Monday.

Notwithstanding that they were opposed by such superior numbers and only possessed the ammunition and rations which they themselves were carrying, the Americans made a magnificent resistance and the ground was strewn with German dead.

WITH THE AMERICAN FORCES ON THE VERDUN FRONT, Oct. 2.—(3:30 p.m.)—German artillery in the early hours today freely sprinkled the areas behind the American lines with shells containing mustard gas and phosgene. Between the Meuse and the Moselle the Germans directed quite a concentrated artillery fire on the American positions. The nervousness of the enemy along the line indicates that he expects an attack.

American detachments, entering Gemes, northwest of Montfaucon, found it free of the enemy. The roads in the neighborhood of the village likewise were clear of German troops.

One German airplane fell to American anti-aircraft guns and some fifty Austrians were captured in the Voerres sector.

PARIS, Oct. 2.—The developments in the situation on the American front northwest of Verdun tend to confirm the opinion that it is the enemy's apparent intention to hold onto the Kriemhilde-Steeling system of trenches running from Brionville to the Kriemhilde-Steeling system to Gemes, then south along the ridges in the vicinity of Exermont, crossing the Aire River one kilometer north of Apremont.

The American line broadly conforms to this, developing a situation similar to that after St. Mihiel with a broad outpost zone.

There is continuing artillery activity along this sector, and the American air forces are working without respite. Last evening American pursuit planes engaged eight Fokkers, and it is believed that one of the enemy's machines crashed.

BOMB OLDEST TEUTON CITY
LONDON, Oct. 2.—The Trevesen raids over the Rhine provinces, particularly on Frankfurt.

The central part of the Frankfurt main station was so extensively damaged by bombs that trains have not been able to enter and are being operated from hastily-constructed platforms some distance from the station.

The population of Frankfurt, according to this news, are in a state of nervous excitement. At the least unusual noise the people retire to their cellars, not daring to sleep in their apartments.

As to the moral effect of the raids, the neutral says he heard nothing but the most depressing talk of the present conditions in Germany and the prospects of further attacks from the air.

ANTIGERMAN RIOTS
SPREAD IN BULGARIA

FORMATION OF NEW GOVERNMENT BY PRO-ALLY MINISTERS IS REPORTED.

(BY ATLANTIC CABLE AND A. P. PARIS, Oct. 2.)—(Havas.)—German and pacifist riots are progressing throughout Bulgaria, according to a Zurich dispatch to Journal. It is added that the current of the formation of a national cabinet in Bulgaria under the leadership of Premier Malinoff and Dr. Choudoff, released from prison a few days ago after a year by King Ferdinand.

Premier Malinoff appeared before the Bulgarian Parliament on Monday and read the speech from the throne, according to advice from Sofia by the way of Basel.

M. Malinoff, according to German papers, said that the Bulgarian government intended only to fulfill their duty toward the fatherland in making an honorable peace that is worthy of the sacrifices which had been made. The result for this step, M. Malinoff said, was the formation of a cabinet which fronted the country.

PARIS, Oct. 2.—Sharp fighting continued on the Macedonian front up to noon Monday, when the German armies became effective. In the night, the Bulgarians, Italian forces took Mont Baba position of much military importance. The Bulgarians, however, were supported by infantry, numerous batteries of field artillery. The enemy, however, was driven back and the Italians occupied the line.

When operations were suspended, the Bulgarians held the high ground between Uzbuk and the Bulgarian border. On the extreme left, the troops had completed the occupation of the village of Ochrina, further north.

PARIS, Tuesday, Oct. 2.—The French forces in Macedonia continue their progress until noon Monday, when the German armies became effective. In the night, the Bulgarians, Italian forces took Mont Baba position of much military importance. The Bulgarians, however, were supported by infantry, numerous batteries of field artillery. The enemy, however, was driven back and the Italians occupied the line.

When operations were suspended, the Bulgarians held the high ground between Uzbuk and the Bulgarian border. On the extreme left, the troops had completed the occupation of the village of Ochrina, further north.

MAIN
PEACE.

WILSON'S
E. AVE.
ND.

PARIS, Tuesday, Oct. 2.—The French forces in Macedonia continue their progress until noon Monday, when the German armies became effective. In the night, the Bulgarians, Italian forces took Mont Baba position of much military importance. The Bulgarians, however, were supported by infantry, numerous batteries of field artillery. The enemy, however, was driven back and the Italians occupied the line.

When operations were suspended, the Bulgarians held the high ground between Uzbuk and the Bulgarian border. On the extreme left, the troops had completed the occupation of the village of Ochrina, further north.

"If the Allies have succeeded in ending hostilities in Macedonia, it is to be hoped that we will also succeed in reaching an agreement with the German government. The Balkan nations," was a statement made to newspaper men last night by Take Janssen, former Minister of the Interior of the Netherlands, who is visiting the Allies in the city of London.

"The only wish of the Serbian people is to return to their homes and resume life under normal conditions. We do not wish for conditions to our territory by conquest but desire to be left in peace," Dr. M. R. Vranich, Serbian Minister of the Interior, said in a statement.

"We shall need the help of great allies, especially America," M. Vranich said. "While I was in Paris, President Wilson received the Serbian Minister of the Interior, and I am sure that the hearts of all Americans are united in a single sentiment, that they will do everything in their power to help the Serbian people."

The military features will be no less every day of the fair. Fifteen hundred men in Uncle Sam's uniform will participate in the athletic contests. More than 1000 soldiers will be on duty.

AMSTERDAM, Oct. 2.—A dispatch dated Monday and received through Vienna says:

"The deserters who were driven from Sofia have been driven to Vratsa and Vratsa deserters have been driven to Sofia. There is no day for the capital."

From the fact that the above dispatch comes through Austria, it would appear that the Austrian authorities are attempting to make look as though a part of the Serbian army has deserted, and that it is probable the "deserters" mentioned are the troops who are returning from Serbia under conditions of the Bulgarian armistice. There have been no other reports of desertion in the Bulgarian army.

SOFIA (via Basel) Oct. 2.—Ferdinand's speech, which Premier Malinoff read to the National Assembly, was met with enthusiasm and was met with enthusiasm and was met with enthusiasm.

CONGRESS TALKS RECALLED.—WASHINGTON, Oct. 2.—After the November elections given serious consideration by Congress today with a suspension of a month of both the Senate and House beginning about middle of October proposed.

VOL XXXVII.

FOR EXPEDITION
OF EXPOSITION.Changes Made in Management
of Liberty Fair.E. W. Murphy Given Post of
General Supervisor.Nine Days Yet Till Opening;
Buildings Nearly Done.

With only nine days intervening before the opening of the great Liberty Fair to run from the 15th to the 24th inst., inclusive, it is reported by the director of Exposition that the work of the fair is well advanced. It is estimated that they are 98 per cent completed, and that there is no doubt everything will be in readiness for the opening day.

A force of 175 men is engaged in rushing the work forward, and the wide expansion of the fair grounds is dotted all around with the striking green and golden color of the thirty-eight buildings erected especially for the fair. In addition to these, all of the permanent buildings will be utilized.

For the purpose of expediting the work of the Liberty Fair in all of its departments, certain management changes were made at a meeting of the board of directors on Tuesday. Probably the most notable of these is the selection of E. W. Murphy, a fair director and member of the firm of Johnson, Carvell & Murphy, as general supervisor. Director-General Priddy has not resigned his position, but his duties on the County Council of Defense are so arduous that he has felt justified in presenting a plan to the board of directors whereby a general supervisor takes much of the burden of the fair for which they have hitherto been committee heads. His decisions regarding matters pertaining to their particular sections are to be final, and this will save much valuable time.

THE ASSIGNMENTS.

The assignments made at this meeting of the board of directors are as follows:

Admission and concessions, Dell A. Schwitzer.

Live stock show, Fred H. Bixby.

Grounds and buildings, E. C. Bell.

Horse show, Dr. A. J. Scott.

Military and police of grounds, Walter F. Rier.

Great Wortham Show, Frank Thompson.

Entertainment, Dr. A. J. Scott.

Poultry and pet stock, Volney H. Rieg.

Publicity and horse racing, Clinton E. Miller.

Agricultural implements and tractors, E. G. W. Burnham.

Exhibits, R. W. Burnham.

General supervisor and director of special events, E. W. Murphy.

The statement was made by officers of the Liberty Fair Association yesterday that, although the state appropriation for the fair is \$50,000, the actual expenditures will amount to \$115,000, and that the fair will be self-sustaining, with an array of exhibits and attractions that will give it high rank.

THE ASSIGNMENTS.

The assignments made at this meeting of the board of directors are as follows:

Admission and concessions, Dell A. Schwitzer.

Live stock show, Fred H. Bixby.

Grounds and buildings, E. C. Bell.

MAKING IT EASIER
TO BUY
LIBERTY BONDS

Liberty Bonds will Win the War. When the war is won—then the era of new opportunity begins. Every dollar will actually count for more than it does today. Tie up your money in Bonds, today and you are making every dollar of it potentially more valuable. It is the BEST INVESTMENT IN THE WORLD.

Liberty Bonds are sold on EASY TERMS. The Government installment plan fits the needs of many people who cannot conveniently pay cash. The Bank installment plan (for subscriptions of \$200 or under) allows payments of only 10 per cent down and 10 per cent a month. We could not make these any easier.

What we have added to this business of buying bonds is SECURITY SERVICE. We are proud of our Liberty Loan Department. We have concentrated upon it all the skill of this big bank. Its service is prompt; its service is accurate; its service is courteous; and there are windows enough so that no matter how heavy the rush, no one in any line has to wait long.

Buy your bonds here, and realize what is meant by SECURITY SERVICE.

NEW RULES FOR SELECTS.

Physical Examinations are Halted Until
Regulations are Received.

Physical examinations of registrants in the 18-45 class, which applies to those in the first call of the ages from 19 to 24, were ordered halted yesterday by Provost-Marshal-General Crowder, until the boards receive new selective service regulations. It is expected that these new regulations, which have some special reference to the examinations, will arrive in time to be of use in the physical tests scheduled to start this morning and evening in several draft districts.

Two boards, Nos. 10 and 16, have already examined some men. Board No. 16 has made physical tests of 125 selects and finds that not only do most of the men in the ages between 19 and 24 waive claims for deferred classifications, but that the findings are not received in the physical examinations. While such tests formerly reduced class No. 1 men by about one-third, the loss so far has been only 15 per cent. This board has 6800 men between 19 and 24 and about 50 per cent are in class No. 1. The next physical examinations will be next week.

Board No. 10 has examined 100 men, having begun last Friday, continuing at the rate of twenty-five a day. Out of nineteen men examined, next week. Board No. 10 has examined 100 men, having begun last Friday, continuing at the rate of twenty-five a day. Out of nineteen men examined, next week. Board No. 10 has examined 100 men, having begun last Friday, continuing at the rate of twenty-five a day. Out of nineteen men examined, next week.

TO GO ON WITH TESTS.

The boards which planned to begin physical examinations today will probably go ahead and adjust the examinations to the new ruling of the selective service regulations, which are expected to arrive tomorrow. Board No. 10 will examine 112 men tonight at Conaty Hall, North Broadway and Daly street. The first there will be examined first, then the second, and so on, until Saturday morning.

AS TO CLASSIFICATION.

It was announced yesterday by Chairman James W. Loefer of board No. 17 that necessary physical examinations are being placed in class No. 1. This board has received many waivers of deferred classifications. Board No. 5, which has almost finished its classification, will begin physical examinations next week. This district will have a high percentage of class No. 1 men. Out of 1200 men in the first call, 250 were placed in class 1A, with fifty more to be classified. Board No. 15 begins examinations tomorrow. It is expected that the percentage of class 1A men will be reduced from 25 to 15 per cent. A marine who has served in the navy or Marine Corps, he can be inducted by his draft board without referring to Washington for orders.

QUESTIONS OF APPEAL.

The new selective service regulations take away from the registrant the right to appeal from the report of a medical examiner to the Medical Advisory Board. Only the local board or examiner can so appeal, but the registrant may appeal to the district board, which will pass upon his case from records already taken. This will put more work upon the district board.

Unlimited service men in Class 1 are now entitled to claim a deferred classification on grounds of occupational or industrial deferment. This is a new feature of the new regulations. It is expected that the percentage of class 1A men will be reduced from 25 to 15 per cent. A marine who has served in the navy or Marine Corps, he can be inducted by his draft board without referring to Washington for orders.

Joins Famous Hand of Aces.

TWO ANGELENOS IN
PURSUIT SQUADRON.

FORMER TIMES MAN, IS WITH
RICKENBACKER FLYING
AGAINST THE HUNS.

William Warde Fowler, formerly automobile editor of The Times and now first lieutenant, aviation section, United States Army, has just been assigned to the First Pursuit Squadron in the operations north-west of Verdun, according to a letter received yesterday from the aviator by his father, J. W. Fowler of No. 1717 Fair Oaks avenue, South Pasadena, and president of Fowler Bros. book sellers.

This squadron includes the leading "aces" of the American flyers, with a squadron record since September 28 of destroying 100 German planes and twenty-one balloons, according to yesterday's news dispatches.

Lieut. Eddie Rickenbacker, well-known Los Angeles man, is a member of this squadron and has a record of twelve German machines, four since September 26. Capt. James Norman Hall of Colfax, Iowa, a cousin of Fowler, was formerly leader of the First Pursuit Squadron and is now a prisoner in Germany after being shot down in a single-handed fight with three German planes.

The letter from Fowler is dated September 2 and as for the member of this squadron since then, the Los Angeles youth has undoubtedly had an important part in the fighting. The squadron is composed entirely of single-seated light planes, and includes besides Rickenbacker and Fowler, Lieut. Edgar Tobin, with a record since September 2 of eleven planes; Lieut. Frank Lake, with fourteen balloons and five planes, and other noted American aces.

It is expected that the American pursuit planes have a complete mastery of the air in the section in which the fighting is going on. Many as thirty or forty machines are sweeping the air clear of German flyers. Fowler, after telling in his letter of his appointment to the pursuit squadron, says:

"Well, we're through that painful training period at last and off we go for the excitement in fact. I spent a couple of days in Paris and then on to the front. I have been assigned to the First Pursuit Squadron and am certainly looking forward to a real 'dinger' and besides is the squadron the Norm belonged to."

Last night we sat out in front of our barracks and watched the fireworks. Great stuff. Better than the biggest Fourth of July ever saw. I ever want to see I'm telling you. I know this I know you'll want to know that I'm up here where the sport is at last. The danger comes during training, but now I'm up here where I'll have some real fun."

Rickenbacker and Fowler are close personal friends, and during the days when both were in the automobile game in Los Angeles, with Fowler having a thought of flying airplanes.

Friends say that their policemen admit that an organization of policemen is under way, but none will admit being behind the movement. The firemen's union was organized by A. E. Dale, local A. F. of L. organizer, who was among those present when the Los Angeles Street Railway or yellow car men formed a union, and then at the organization of the motion-picture "blacks" union. Firemen said Dale knows of the policemen's organization.

The firemen who received a raise beginning October 1 from \$100 a month to \$115 a month say their union is in line with that of fifty other cities throughout the country where policemen and firemen's unions are organized. The firemen threatened to strike recently in Boston if a raise were not forthcoming, but local firemen say the organization is simply to look after firemen's rights. Organizer Dale, who organizes the school teachers and the policemen, said at the last meeting of the motion-picture "blacks" union, that by the time the war is over every industry in the country will be on a union basis.

WINS WAR CROSS.

Lieut. E. P. Gosling, formerly assistant business manager of the San Francisco Call, and later assistant with the firm of J. W. Wilkinson & Co. of this city, who is now with the Third Infantry, 28th Infantry, A.E.F., in France, has recently recovered from the effects of being named and injured by a bomb. After six weeks in the hospital, he was again able to join his regiment, the Howie Newmark Company in June, 1917, trading several valuable holdings for it.

THE BLANCHARD HALL TRADED.

For the second time in a little over a year the Blanchard Hall building on the west side of Broadway, between Second and Third streets, has changed ownership. Final papers were signed yesterday in a transaction whereby the downtown property passes from the possession of U. Q. Stanton of Los Angeles into that of a syndicate of Salt Lake City men composed of H. C. Edwards, C. N. Strevell, F. A. Druehl and H. A. Lafont. The consideration is given by Arthur W. Gowen, the broker in the deal, at \$225,000.

Mr. Stanton received in exchange a five-story reinforced concrete building at No. 609 East Fifth street, at 1350 acres of farm land in Box Elder county, Utah, said to be worth \$65,000, the remaining difference being made up by a mortgage arrangement. The hotel contains 140 rooms and occupies a site 55,100 feet in size.

HELP!

By HAROLD BELL WRIGHT
Lord God of the Nations,
Help me to see
My duty to man—my
Duty to Thee!

Where the red lines of death
Have deep furrowed the land
And the harvest of woe
Is full ripe to the hand
Of war's dreadful reapers,
Help me to see
My duty to man—my
Duty to Thee.

Lord God of the Nations,
Help me to hope—
While murder-mad armies
With crimson hands grope
For the life of the world,
And the lust of their creed
Offers mothers and babes
On their altars of greed—
While our soldiers of peace
In this war hell cope
With these murder-mad slaves,
Help me to hope.

Lord God of the Nations,
Help me to give
Myself and my all that
Freedom may live.
As millions have died
On this war-crook for thee
And for man whom thou lovest,
Do thou give to me
The courage and strength
To do it need be—
Lord God of the Nations
Help me to give.

MERRITT TO DISCUSS
NEW PRICE-LIST PLAN.

MEETING OF GROCERS AND
FOOD OFFICIALS TO BE
HELD SATURDAY.

Meeting with accredited representatives of the majority of Los Angeles grocery firms, both wholesale and retail, and of the Retail Grocers' Association, Federal Food Commissioner Ralph P. Merritt Saturday afternoon will discuss the new order of the Food Administration relative to the posting of fair food prices by retailers of groceries and fresh vegetables each day in their establishments.

The meeting will be attended only by the suppliers of the Food Administration, and is not open to the public. It will be held at the headquarters of the local Food Administration, 125 Van Nuys Building.

Edward F. Trefz, formerly associate secretary of the local Chamber of Commerce and field secretary of the Chamber of Commerce of the United States, part of the commission appointed by President Wilson to visit France in the interests of food conservation, will speak under the auspices of the Food Administration Monday evening at 8 o'clock at Blanchard Hall. He has first-hand information concerning food conditions abroad, having been billeted with the American troops on the firing line.

COMPILES LAW BOOK.

Preswork on the 1918 edition of Superior Judge James C. Rives' book on "Probate Forms, Deceases and Orders" was started yesterday. The book will be out the 15th and will be distributed among attorneys and others interested in probate work.

Old probate forms have been greatly shortened and involved phrases eliminated as much as possible. It was said that the efforts of Judge Rives along these lines have eliminated the work of one man in the County Clerk's office.

For the book have been received from attorneys and probate judges in many parts of the United States.

CITY SOON TO
BE TAXLESS?

Returning yesterday from an inspection trip along the aqueduct, Councilman Farmer and Reeves stated they were amazed at the progress being made by Chief Engineer Mulholland in perfecting the big water system.

Mr. Reeves declared that when the city installs the necessary pumping stations and power plants along the aqueduct, the revenue from the sale of power and water will be sufficient to wipe out the municipal indebtedness and are long "Los Angeles will be a taxless city."

SPEED UP THE BIG LOAN!

City Over Million Behind Past Record
With Twice as Much to Raise.

This war is not over. It will not be over by Christmas. It will not be over by a year from Christmas unless the people of the United States "come across."

Lieut. C. E. F. Reeves of a British machine-gun company, who fought for years in the front-line trenches, who was wounded many times, and went over the top whenever there was a top to go over, yesterday portrayed vividly to the competitive committees the contrast between "going over" during the early days of the war and "going over" after the Allied armies were supplied with artillery and equipment. In the first instance the slaughter was horrible; in the second the losses were comparatively slight.

That is a matter of money. Money supplies guns, ammunition, airplanes, food, clothing. Without money the war would stop. The man or woman at home has a responsibility as great as the soldier at the front. The German will soon be fighting on his own soil. The greatest battles of the war are coming. Every day that Victory is deferred thousands of American soldiers may lay down their lives. Every big gun, every ton of ammunition, every airplane that is delayed in delivery one day is paid for in human blood.

FALLING BEHIND.

Los Angeles is pledged to raise \$48,000,000 in this loan campaign. That is nearly twice as much as the city's quota in the Third Liberty Loan. So far the subscriptions are falling behind those reported at a corresponding stage in the third loan. They must be doubled if we are to do our part. The situation demands the careful consideration of every citizen, for, it is pointed out, the end of the war will come in direct ratio to the support given the armies in the field by the folks at home.

Subscriptions reported to date through Liberty Loan competitive committees:

Monday, September 30	Tuesday, October 1	Wednesday, October 2	Total to date
\$2,412,285	2,522,890	3,025,000	\$7,960,175

For the first three days of the Third Liberty Loan the subscriptions from practically the same sources amounted to \$4,631,000, a deficit of \$1,310,825 for three days, with nearly twice as much money to raise.

TEAM REPORTS.

The teams yesterday reported as follows:

Team—Chairman	Number of subscribers	Total
No. 1—Stanford Jess	27	\$114,500
No. 2—R. H. Lacy	59	\$231,450
No. 3—Charles H. Langmuir	45	\$114,750
No. 4—H. M. Burgess	20	\$71,250
No. 5—Roy P. Hillman	25	\$99,000
No. 6—Leo V. Youngworth	25	\$99,000
No. 7—J. A. H. Kerr	25	\$99,000
No. 8—Solie Aronson	25	\$99,000
No. 9—Karl Trist	27	\$99,000
No. 10—George Griffith	27	\$114,750
No. 11—E. R. Maier	32	\$127,500
No. 12—L. V. Starr	32	\$127,500
No. 13—Martin C. Neuner	30	\$114,750
No. 14—H. W. O'Malley	25	\$99,000
No. 15—L. S. Rounsaville	101	\$405,450
No. 16—C. C. C. Tatum	20	\$79,000
No. 17—G. G. Greenwood (Hollywood)	630	\$205,450
Totals	1,302	\$2,025,900

Managers of the campaign are not particularly well satisfied with the response so far made, and drastic measures may be found necessary to speed up the work and bring Los Angeles within hailing distance of the figure to which she must attain.

At Central Park last night the Vitaphone stars, in charge of Bill Duncan, raised \$75,000. At Huntington Beach the "Liberty" tank sold \$41,300 worth, as against the city's quota of \$21,000. Kathleen Clifford was in charge. The "Democracy" at Hollywood, Triangle stars in charge, sold \$25,000 worth. In the first three days the tanks have raised \$1,040,500 of their \$4,000,000 quota. At a meeting of Pacific Electric employees last night \$175,000 was pledged.

STIRRING APPEAL.

Lieut. Reeves brought the message of the day from "over there" to the Alexandria luncheon, camouflaged with genuine humor, but losing nothing of its forcefulness thereby.

"Give the boys the stuff to fight with," he pleaded. "They have a big job yet to do. Do not pat yourself on the back and say 'It will be over'."

FRANCE FOR MARY!

FAMOUS LITTLE STAR AWITS ONLY MAMMA'S CONSENT.

By Grace Kingsley.

Mary Pickford really is going to France! That is, what do you think?—If her mother will let her. Mrs. Pickford has yet to be won over, but anybody that Mary couldn't win over must be hard-hearted indeed. She is not going at once, however, but will make at least one picture under whatever contract she signs.

All this became known yesterday, when she stated she is very anxious to go to France for three reasons. First, to do her bit as an entertainer for our fighting tanks; second, to get some scenes which will be used in a big propaganda picture she has under contemplation; and third, to hold a reunion with her own regiment, the One Hundred and Forty-third Field Artillery, of which she is honorary colonel and godmother.

Mrs. Pickford declares she's not a speck afraid of submarines or of the German gun. In fact, she is very enthusiastic as to the European trip, which she hopes to take under the auspices of the Over There Theater League. Her only fear is that the boys of the One Hundred and Forty-third may be absent on some far distant war front, where she can't visit them.

"But, of course," said Miss Pickford, "I will not take this trip against the wishes of my mother. She has in mind my own welfare, and must first be convinced that the voyage can be made safely."

Miss Pickford has hopes of getting started on her European trip in the fore part of the coming year.

Now Knows It's Good.

Perfectly at rest on the score of the quality of his act is the mind of Robert T. Haines, star of the Orpheum playlet, "The One Way Out," which is as you will acknowledge, a somewhat highbrow offering by Lieut. Robert Garland. Mr. Haines' enviable tranquil state of mind is due to the comment of a certain Middle West critic. Here it is:

"Before intermission came Robert T. Haines and his company, presenting 'The One Way Out.' Haines certainly presents a classy act. If the general run of vaudeville would all be up to the standard of this act, vaudeville would soon make the legitimate end of the profession a thing of the past—backed right off the boards. The act is well written, fast and spoken, with a wallop at the finish that knocked 'em off their seats."

Will Give Concert.

Frank V. Healy, theatrical manager of San Francisco, arrived here last night, preparatory to a concert to be given here by Muratore, the world famed tenor; and his famous wife, Lina Cavalleri. The concert will take place at Shrine Auditorium, on West Jefferson street, on Tuesday, October 15.

Katherine Macdonald Films.

Katherine Macdonald has gone to New York to play the lead in a picture starring Louis Bessillon.

Will Play Lead.

Edwin Childs Carpenter, being Richard Dix's favorite author, and Richard Dix, being Edwin Childs Carpenter's favorite actor, it seems only according to the eternal fitness of things that Dix should have the leading role in Carpenter's play "Pipes of Pan," which goes on at the Morosco next Sunday—and this happy state of things will lead to the case, with Dix playing the leading masculine role in the comedy.

Romance Note.

Bessie Love is all excited about a certain unknown. Miss Love has been working out in the desert in her current Vitaphone production, "The Judgment of Bolinas Plains," from Bret Harte's story, and the place which the company chose as location was also very near one of the new aviation camps.

"Mother and I were the guests of several of the officers at dinner, on two occasions," said Miss Love. "It may have been one of these who sent the mysterious message. The flyers used to come and drop letters down on our camp from their flying machines. One of the letters read: 'Dear Miss Love: I'm a very great admirer of yours—honestly! I'm not going to sign this now, but when I get to France, and have brought down my first Hun, I'm going to write to you again.'"

Now if that isn't enough to send any little girl up in the air, I'd like to know what is?

May Allison's Back Fire.

May Allison, Metro star, was changing her costume in her dressing-room, the other day, preparatory to appearing in a scene of her forthcoming picture, "Thirty Days." Her director, Webster Cullison, was in a great hurry, as the light was fading. Coming to Miss Allison's door he called out, "Aren't you ready?"

In the meantime Miss Allison was having a hard time clothing her toes. She had to wear white silk stockings, and found one pair after another had holes in them. Again her director called, "Coming, Miss Allison?"

"Yes, yes," called back Miss Allison, "but my—my props aren't ready yet!"

Florence Turner Back.

Florence Turner, formerly famous in pictures in this country, but who for the past three years has been working with a picture company in England, is at the Alexandria Hotel, and is considering two or three offers from well-known companies here.

Billie Gets Good One.

Billie Hume's sprightly farce, "Good Gracious Annabelle," has been purchased by the Famous Players-Lasky Company as a vehicle for Billie Burke.

Justice Goes to War.

Former Justice of the Peace Dattley E. Stafford of Covina is in on his way to attend officers' training camp Hancock near Augusta, Ga., a letter informs his father, Postmaster D. C. Stafford of Covina. Justice Stafford resigned four months ago to enter the army, and has been stationed at Camp Fremont. His mother has been visiting him there. He is 27 years old, and was Justice for nearly four years. He has been trained for a machine gun company.

PEN POINTS.

Don't try to enforce the "work-or-fight" order with your domestic help.

Has anybody lately been able to locate old-fashioned Senator Robert Marion La Follette?

Keep your mouth shut and your pocketbook open these perilous times. It is the only safe plan.

It is reported that the Kaiser "looks every inch a Prussian king," but that is not saying so much.

When it comes to measures for the conservation of gasoline there is nothing to be compared to hiking.

America is selling the greatest bond issue of the financial record. Let the word be carried to Berlin.

If the late Lord Kitchener were only here to tell us about his prediction that the war would last three years!

Good morning, what was the particular name of the German soldier that fell before the Americans yesterday?

The Huns are not thinking just now so much about lunching in Paris as of a hand-out in their home town.

Germany is now worrying about the rubber shortage. But the Allies will try to please by erasing their line for them.

No wonder the last Turkish loan was a failure—there has been a shortage of paper in that country for some time.

And speaking of a nonessential occupation, there are the military suffragists. Why not enforce the "work-or-fight" order on them?

Sugar is due for a slight rise; but the person who gets but two cubes in his coffee would be put to it to figure out the increase in the cost of his portion.

With tobacco inside his cheek, a man must anchor between his teeth and mustard gas all around, how does the average American soldier manage to chew?

If it is deemed necessary to give the American soldiers something to serve as third quenchers, what the matter with supplying them with the well-known "all-day sucker"?

It is now announced that the apartment-house proprietors will raise their rates after November. Probably to get even for the heat they did not furnish last winter.

The fact that Secretary Baker has been selected as chairman of the Cuyahoga county (Ohio) Democratic Central Committee indicates the politics has been adjourned again.

Remember when the papers were full of ways how the word "bicycle" should be pronounced? And then was the boy on the high wheel, the envy of his fellows in the neighborhood.

Alaska was the first in the Union to go over the top on the Fourth Liberty Loan drive. Remember when William H. Seward got the honor for buying Alaska of Russia in 1872 for \$7,200,000?

Director-General McAdoo has joined the public in the Fourth Liberty Loan drive, and has urged everybody busy at home trying to win the war, this advice would seem to be gratuitous.

Look here: "Quail are selling at a dozen in the local market; but are quoted at 5 cents a pound; mutton, 6½ to 8 cents; lamb, 12½ to 15 cents; bacon, 15½ to 16½ cents—but, hold, that was "twenty-two years ago in Los Angeles."

The strenuous training given to young men in the army will not be for the older men who have reached 40 or thereabouts. Muscles and wind long neglected must be given an opportunity to recover from their surprise.

Saturday, October 12, has been officially designated as Liberty Day in addition to being the anniversary of the landing of Columbus. President Wilson has issued a proclamation making it a national holiday, the closing drive of the Liberty Bond campaign.

THE EMPTY SHRINE.
(To a Soldier.)

Late roses on the garden wall,
Tremble in the wind, and die;
Long shadows on the dead leaves fall,
With ghostly hands and seem to sigh.

Late roses on the garden wall,
Where you and I long months ago
Slept and watched the moon,
Like orange lanterns, hanging low.

Long shadows on the dead leaves fall—
And once we watched them, you and I,
When winds of autumn made them seem
Like madcap dancers whirling.

Late roses on the garden wall—
That shrine where once you and I
Smiling, with unbellying eyes,
At the deep faith my warm blood owned.

Long shadows on the dead leaves fall,
With ghostly hands, and seem to sigh;
My heart, with all its love, is laid
In worship at your empty shrine.

SEEK FEDERAL CONDEMNATION.

Government is Requested to Aid Flood Control.

Rights of Way for Channel at Harbor Sought.

Supervisors' Resolution Makes Appeal for Action.

The urgent necessity for the construction of a channel through Long Beach to carry off the flood waters this season for the protection of the varied industries at the harbor, led the Board of Supervisors yesterday to adopt a resolution requesting the government to begin condemnation proceedings in the Federal courts and enter upon the land.

A determined effort was made by Long Beach and parties interested in the flood control project to have this work started at once, and as government aid was the only way immediate steps would be taken, the county counsel drafted the resolution. He had previously advised the supervisors that the county should the condemnation suits and not ask the government's aid in view of various obstacles in the way.

The resolution sets out that the Los Angeles flood control district is unable to obtain by voluntary purchase the necessary rights-of-way for the flood control project pertaining to Long Beach Harbor. The channel as planned extends from Dominguez station to the ocean, a distance of about four miles. It will be 750 feet wide. There have been \$322,000 in bonds set aside for rights-of-way, of which \$300,000 in bonds have been sold.

"It seems desirable that said rights-of-way should be secured by condemnation proceedings entered and prosecuted in the United States courts," the resolution states. "The Secretary of War is requested to cause proceedings at the cost and expense of the Los Angeles county flood control district for the necessary easements and rights-of-way for the flood channel."

If the proceedings are started, the resolution requests that the government cause entry to be made upon the lands to be taken for the rights-of-way so that the impending damage of this season's flood be averted. The Long Beach committee which has charge of the matters of obtaining rights-of-way for the channel reports that it has tied up 17 per cent of the property desired, leaving a surplus of \$72,000 under the appropriation for the purchase of the remaining 45 per cent. It is stated that in some instances property owners or agents have asked excessive prices for the land. In some instances owners of property are absent.

Levi Booth, Former well-known Los Angeles resident, who is dead in Berkeley.

FATHER OF WILLIS BOOTH IS TAKEN.

FORMER PIONEER MACHINERY MAN OF LOS ANGELES, DIES IN BERKELEY.

News was received here yesterday of the death in Berkeley of Levi Booth, one-time well-known resident of Los Angeles, father of Franklin, Willis H., and Percy Booth, and of the late Mrs. E. B. Hildreth.

Mr. Booth came to this country from England forty-seven years ago. He was chief engineer of the Comstock mines in Nevada for some years, later coming to California for his wife's health. After some years in San Francisco, the family made their home in Los Angeles.

About twenty years ago, Mr. Booth and his sons founded the business of L. Booth and Sons Machinery House, one of the best-known firms of the kind in the Southwest. The families of father and sons have from that time kept their business interests together and are identified with several enterprises in Los Angeles.

Mr. Booth was 58 years old, and leaves a widow, besides the three sons. Mr. and Mrs. Booth have maintained a home in Berkeley for some years. Franklin and Percy Booth left for Berkeley late last night upon receipt of the news of their father's serious illness. Willis Booth is at present in New York.

Well, Jeff was Right at That

- - - *By BUD FISHER.*

WOMAN GETS LICENSE.

Permit as Projecting Machine Op-

erator Considered Blow at Local Union.

Los Angeles motion-picture own-

ers received jubilantly yesterday the news of the licensing by the city license bureau of Miss Nellie Ely Baker of No. 333 South Grand avenue as a full-fledged projecting machine operator. They consider this a de-

Schultz and Gallenau

Thoughtful Parents, the BENEFITS OF

Military Training and Discipline

are now universally recognised.

Place your boy in a school which is not only of first rank in military lines, but is at the top along the scholastic standards and unsurpassed in its influences for Christian character training.
